CANADIAN FOURSOMES

Canadian Foursomes is played with a partner and both players tee off on all holes. The players then decide together which ball is in the best position and the other ball is taken out of play.

If Player A hit the selected ball from the tee, then Player B will hit the next shot or vice versa. Play continues on an alternate basis until the hole is completed. Incurring a penalty shot does not affect the order of play.

The handicap of each team is calculated by

taking ¾ of the aggregate of team members' individual handicaps. The handicap of each player must be shown on the card.

Since Canadian Foursomes is a Stroke event, it is simply scored that way on the card showing a gross and net score. The team with the lowest score is the winner.

Canadian Foursomes can be played as a mixed, men's or women's event and provides a fun variation of Foursomes play.
